EC Examination Certificate

This is to certify that

Power Link Machine (UK) Co., Ltd.
Vickers Building, Hurricane Close, Sherburn Enterprise Park, Sherburn in Elmet, Leeds LS25 6PB, U.K.

Has had a range of Diesel Generator Sets examined to the Machinery Directive 2006/42/EC, as amended and the Low Voltage Directive 2006/95/EC.

With reference to model **GMS20KS**

Manufactured by:

Power Link Machine (Shanghai) Co., Ltd.
No. 576, Guanghua Road, Songjiang Science & Technology Park, Shanghai, China

- The technical file contains all the relevant information.
- Having verified that the appropriate tests have been conducted.
- The standards and transposed standards have been applied correctly.
- The sample representing series production of the item, complies with the essential health and safety requirements of the Directive 2006/42/EC, as amended.
- The technical file contains all the information required to include the models listed in the attached annex to the certificate.
- Compliance with EN 60529-1:2008+A1:2009 gives compliance with the Low Voltage Directive (2006/95/EC).

R&D

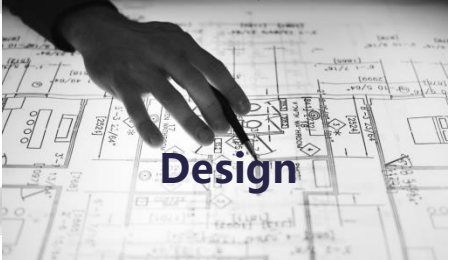

Planning

Discuss with client of the needs and wants of the product. Every aspect of the generator is taken into consideration, from a piece of screw to the output power

Concept

Drafting of the design for products... as well as the resources needed

Design

- Electrical Function
- Structure
- SBOM
- Parameters

Verification

Verification of functionality and amendments of engineering side of matters

Production & Testing

Bespoke production and special testing facilities to ensure the product is at its 100% satisfaction before it is dispatched

Fabrication

Each essential step from a piece of metal to the completed genset

Cut, bend, paint, weld...

For consistency- We do everything the same way

Standardised method used for processing canopy and assembling containers.

Manufacturing & Testing

- 98/37/EC Machinery Safety Directive
- 73/23/EEC Low Voltage Directive
- 89/336/EEC Electromagnetic Compatibility
- 2005/88/EC Outdoor Noise Standard

*Testing boards

From the very first step of design, to production and finished product delivery, we strictly implement the quality system of ISO 9001:2015

Each step is CE certified for a reach of the global market

Stocks

Stock management of materials and components for in-time assembling

Holding of £2 million worth of stocks in UK and \$10 million in Shanghai on an annual basis, with the purpose of to supply worldwide clients with that has different demands, on an immediate delivery basis.

Logistics and Certificates

We provide comprehensive after-sales service - including transportation, we can deliver the generators to you, around the world. For peace of mind, we also arrange the third party inspections, like Bureau Veritas, SGS, etc.

We can also offer **Certificate of Origin**, **Eur1**, Chamber of Commerce attesting documents, Embassy legalized documents, etc.

Diesel Generators

Series : WCS·EP·EC·RP·RK

Gas- Natural Gas, Biogas and others

GXC·CG·TCG

GXE·GE·TGE

Lighting Towers

Series : MS·FS·LH

Air Compressors

Diesel/ Motor Driven

open type, soundproof, containerized, mobile type options, etc. to comply with all kinds of standards around the world.

Diesel
generators

5kVA ~ 2500kVA

Open, Soundproof, and Container type
Engine Make: Cummins, Perkins, Kubota, PowerLink

Applications: Buildings, Industrial Manufacturing, Public Service areas as main or standby power supply.

Gas generators

10~2000kW

Open, Soundproof, and Container type

Engine Make : Perkins, MAN, MWM, PowerLink

Fuel: natural gas, biogas, LPG、LNG、LFG...

Applications: Agriculture, aquaculture, farms, hotels, business buildings, etc.

Lighting Towers

70980~202600lm

Use of LED lights

Applications:
Outdoor activities, sports venues,
conference activities, mining, construction, road
works, etc.

Air Compressors

100~1050CFM

Diesel and electric driven compressor

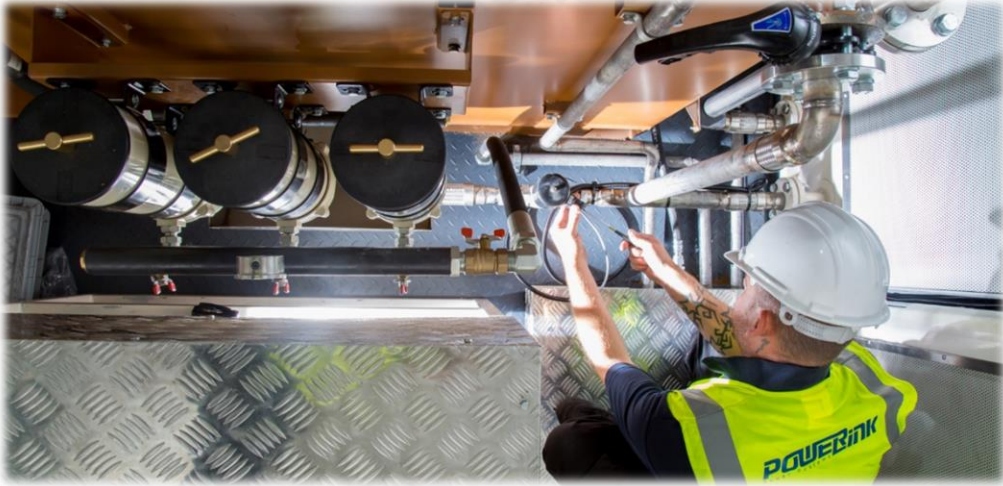

Applications:
Factory, hospital, bank, road constructions, etc.
